CRYSA ADMINISTRATORS REPORT NOV 2006

Fall season has been running quite well with very few issues to deal with. There have been some instances of the goalposts not being locked up, locks missing and goalposts in need of repair.

Georgia Park field has been repaired as has Pinecrest Park. Ocean Grove had a problem with some sprinklers being set too low leaving depressions that could cause injury. This situation has now been resolved.

Once again I must ask that if you are a user of the clubhouse please leave it as you would like to find it. After use just give the room a sweep around, restack the chairs and tables, heating to the left position, lights out, lock the door and return the key.

The new house goalie shirts have just had our club logo and a number 1 placed on them and are ready for use. Contact Susan if you need one.

Gymnasiums have all been taken up. Please contact the school custodian if you will not be attending the gymnasium at any time.

Pictures have been handed out for most all teams and we have received the clubhouse and sponsor pictures as well. Thanks to Ken Bell.

The practice times at the Homerdome have been agreed upon and it appears to be going well. I have contacted Parks and Rec to see if Tackle football has finished their season which would open up the field for more use.

UISA league play is also going well and Island cup play begins on the weekend of Nov 18/19 with CRYSA hosting the U13 girls and boys. The girls will be at Carihi while the boys will play at Pinecrest and the Oval. Please show your support and take in these games!

All of the rep team sponsors have now paid their dues and many of the teams are submitting exciting articles to the papers on a regular basis. I have been in touch with McDonald's regarding their participation as a sponsor for the spring of 2007.

The new CRYSA website is getting ready to roll. This would not be happening without the tremendous involvement of David Coates. This site will be a great asset to our club. Please let us know what you want on this site.

The position of Secretary for CRYSA is still vacant. This is an important position as it is part of the executive and needs to be filled right away.
